YOUR CANVAS AWAITS IN THE GREEN KINGDOM OF KARJAT.

There's nothing quite like owning a piece of land, a blank slate for your dreams to come alive. And there's no place quite like Karjat to own it in. Located close to Mumbai and Pune, yet far enough to be nothing like them, Karjat is home to the exquisite green hues of the Western Ghats. Paint your legacy with the vibrant colours of nature.

Representational Image

LAND IS A LEGACY WOVEN WITH MEMORIES.

KARJAT: A GEM AWAY FROM THE BUSTLE.

If you are looking for a place to thrive in the midst of a biodiverse wonderland, there's no better place to do it than at Karjat, that's situated at the foothills of the Sahyadris, a mountain range older than the mighty Himalayas. Set apart by its ecologically integrated infrastructure, Karjat perfectly balances modern conveniences with a serene lifestyle.

A SUPERIOR LIVING EXPERIENCE

400 People/sq.km.

Escape the hustle and bustle with Karjat's low population density. Meanwhile, Mumbai's population density is 25,357 people/sq.km., Lonavala's is 1,464 people/sq.km. and Matheran's is 730 people/sq.km.

Eco-sensitive Zone

The government has declared the Sahyadri range and its biodiversity as an eco-sensitive zone and Karjat is part of it. This means it won't be affected by a slew of developments that encroach on nature's domain. What's more is that your views will always remain unhindered and tamper-free.

Breathe Easy, Always

Karjat enjoys splendid air quality with an AQI of just 8 (Excellent) through the year. Compare that with Mumbai's fluctuating 79-302 AQI (Moderate - Poor) and you'll understand why investing in Karjat is a smart investment in your health too.
